Company Profile

KRISH INDUSTRIES, an ISO 9001:2015 certified company, started its manufacturing activities by setting up an ultramodern plant in year 2014 at MandiGobindgarh to manufacture best quality agriculture implements and its parts confirming to the international standards. We are engaged in manufacturing & exporting a wide assortment of Power Tiller Blade, Rotavator Blade, Cultivator Shovel, Thresher Blades, Tractor Trolley Hooks & Combine parts etc. We have an ultra-modern infra structural unit that is outfitted with all the requisite amenities. Sprawls over a huge area, this infrastructural unit plays the most essential role in the success of our company and helps us to manufacture premium quality agriculture implements & parts within scheduled time frame. We do have in-house facility for quality testing, research & packaging. Fortune blades confirm to international quality parameters at most competitive prices. Our blades and equipments are suitable for all farmers irrespective of place, soil and seasons.

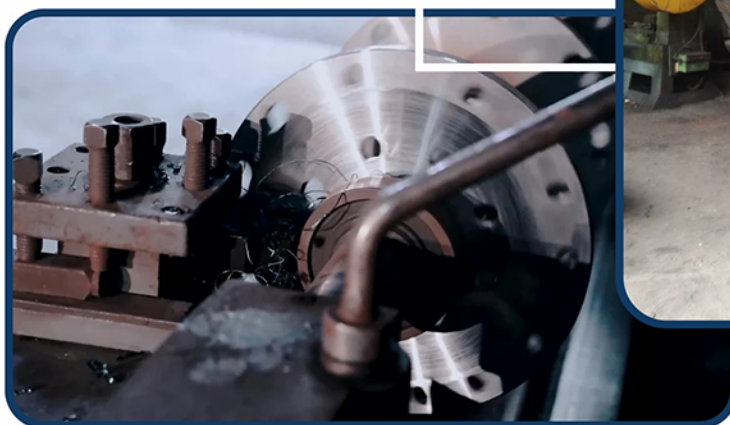

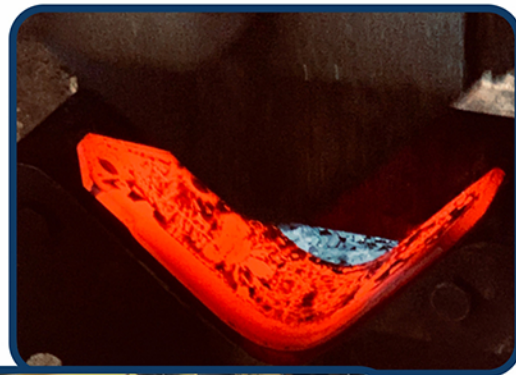

Infrrastructure

The state-of-the-art infrastructure, industry experience and reliable products & services made us a preferred company by our clients. We manufacture as per client's exact specification and our customers depend upon us, for high quality agricultural spare parts such as Power Tiller Blades, Rotavator Blades, Cultivator Shovel and related products. We have earned a considerable presence in the domestic market.

Machinery Production Facilities:

- ▲ Mechanical & hydraulic presses (100 to 250 tonnes capacity)
- ▲ Universal Milling machine (with vertical head & DRO)
- ▲ Overhead Cranes
- ▲ Shaper Machine
- ▲ Radial drill machine
- ▲ Geared drill machines
- ▲ Planner
- ▲ Lathe machines
- ▲ Heat treatment equipments
